Mike Cooper Pic copyright 2009

Join Geoff Martin on a fully guided Kayak and Whale expedition to Tonga

Situated approx 240 kilometres north of Tongatapu, the Vava'u Island Group is a smattering of 50-odd islands covering an area 25 square kilometres most of which protected by a semi-circular reef. On this Tonga sea kayaking expedition we strive for a healthy balance between relaxation and adventure. Morning paddles leave the afternoons free for snorkelling amidst colourful coral and inside legendary marine caves; exploring lush tropical bush; and, observing the traditional village lifestyle. The pace of life in Vava'u is slow and relaxed. Evenings are spent on deserted beaches beneath swaying palm trees and the Southern Cross bathed by a warm South Pacific breeze.

Grade: Moderate Kayak Ability: Cost:- \$3,950 twin share
